ABOUT US — WHO WE ARE

Where strategy meets care.

Named after the Norse goddess of leadership and prosperity, Freya Mgt Corp brings the same balance to property management: strategy paired with care, resilience paired with attention to detail.

In Norse myth, Freya weeps tears of gold for a lost love — yet she does not vanish into sorrow. She rebuilds and embraces her own power, remaining one of the most formidable figures among the gods.

A women-owned South Florida firm in real estate since 2011, we manage properties hands-on — from tenant relations to vendor coordination.

We maintain preferred-rate relationships with local contractors, so repairs are faster and cost less. One boutique team, accountable for every detail of your property.

OUR LOGO

In Norse myth, Freya rides in a chariot drawn by two great cats — independent, watchful, and far stronger than their size suggests. We placed them at the heart of our mark: the standard for how we look after every property in our care.
